TRAINING SCHEDULE JAN-APRIL 2010 – Microsoft Official Training

A Different Perspective : Training is a process, a journey, a direction. At **Caribbean TECH TrendZ Ltd.** we consistently design, develop, and deliver innovative training solutions that result in measurable improvements in business performance while maintaining the highest degree of personalized attention, flexibility, and customer service. We have developed a process to ensure successful project outcomes. We just follow a few simple directions:

Analyze Client Objectives & Needs	What is the issue or identified project?
Ascertain Training Subject Matter	What needs to be trained?
Determine Target Audience	Who needs to be trained?
Establish Delivery Environment	Workshop, ILT, Customized?
